

To Whom It May Concern:

I am writing to request that the FCC Rules stay in effect as they are written now. I do not believe it is in the American citizen's best interest to have fewer media sources with overwhelming powers. As it stands I refuse to buy into the corporate media's view of what is news-worthy and what isn't. My views are becoming less and less heard due to the big-monied interests who are owning all the media sources. If we value First Amendment Rights in the U.S.A. then we must curtail the multi-national and multi-conglomerate corporations from "owning all the airwaves and newsprint sources". This is a menace to any democracy!!! No one or handful of companies should own the majority of the news media sources.

Please honor me and the other millions of Americans who already feel shut-out of the true information that is not being disseminated and DENY any bills that seek to monopolize on information sources in America.

Sincerely,

Mindy Stone
